

Transportation Security UNIFIED Stakeholders Group 2023 Update

Ken Martin, Program Manager
Oak Ridge National Laboratory

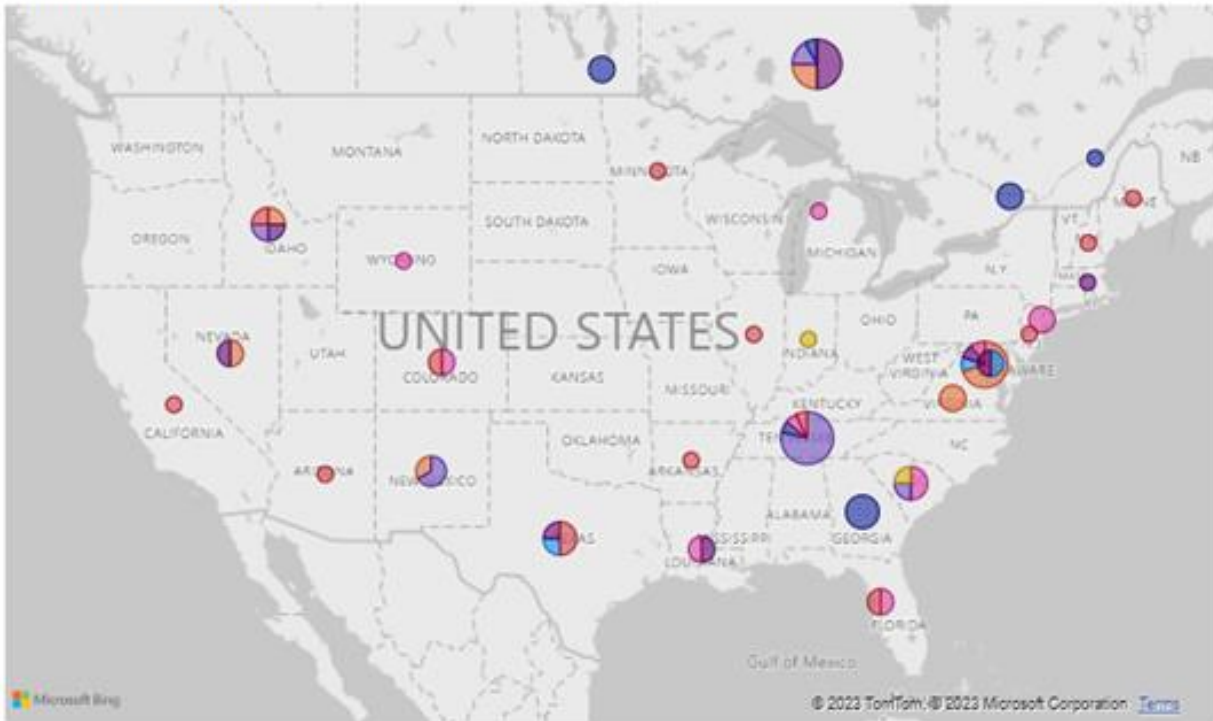

September 12, 2023
Irvine, California

ORNL is managed by UT-Battelle, LLC for the US Department of Energy

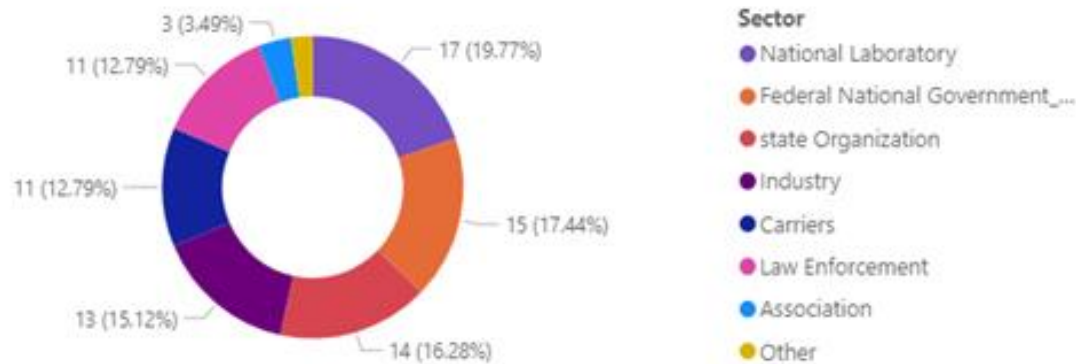

Membership at a Glance

Member Type	2019	2021	2022	2023
Regulators	4	13	17	29
Law Enforcement	7	6	13	13
Industry	9	10	10	13
Carriers / Forwarders	11	10	12	12
Associations	3	4	5	3
National Labs / Research	3	10	13	17
Other	0	3	3	2
TOTAL Membership	37	56	73	89

Participant Locations

Participants by Sector

Name	Affiliation/Organization
Artez Lester	Florida Highway Patrol
Augustinus Ong	NH DHHS/ Radiological Health Section OAS Chair
Benjamin Currier	Transportation Security Administration
Bernard (Bernie) Bevill	Arkansas Department of Health
Bill Petoskey	Oak Ridge National Laboratory
Bill Ransohoff	Neutron Products, Inc.
Bradley Loftin	Oak Ridge National Laboratory
Brandon Landrum	SC Law Enforcement Division
Brenda Rose	Canadian Nuclear Laboratories
Brian Goretzki	Arizona department of health services-bureau of radiation contr
Carlisle Smith	Commercial Vehicle Safety Alliance
Cole Veinotte	Jade Transportation Services
Daniel Wyrick	Wyoming Highway Patrol
Danielle Ogden	DHS CWMD
David Johnson	Tennessee Emergency Management
David Jones	FedEx Express
Donna Williston	Cassidys Transfer
Dustin Henderson	Texas Department of Public Safety
Edward Ketusky	NAC International
Eric Skotak	Texas Department of State Health Services
Erik Okvist	QSA Global Inc.
Frank Cocina	Los Alamos National Laboratory - OSRP
Gerard Jackson	US DOE-NE
Glen Rudner	GDR Consulting- DOT/ FMSA
Greg Fulford	Nordion
Jack Tway	New Jersey Department of Environmental Protection
James Blais	FEMA
James Shuler	U.S. Department of Energy
james utley	Bennett Government Services
Jeff England	NAC International
Jimmy Beasley	Transportation Security Administration
John Sladek	Canadian Nuclear Safety Commission

Membership Making a Difference

Current/Complete Set of Priorities	2023 Set of Priorities
1. Establish, collect, and share best practices for shippers, carriers, regulators, and law enforcement (Complete/Refocused) Ongoing	7. Develop guide for implementation of transportation regulations including multi-modal. Ongoing – broader membership survey to be completed
2. Develop guidance on roles and responsibilities; communication protocols and harmonization of security plans (Complete)	8. Develop a matrix (mapping) of training needs and requirements. Ongoing - broader membership survey to be completed
3. Develop and standardize a unified security plan (Complete)	9. Review cybersecurity and GPS Spoofing/Jamming risk to transportation. Ongoing – timing TBD given rapid ongoing changes occurring in this sector
4. Define the mission of the stakeholder’s group and outputs to higher authorities/decision makers. (Complete)	
5. Review operational procedures and differences in how escorts are handled from state to state (covert vs. overt). (Complete)	<div data-bbox="1574 1053 2351 1132" style="background-color: #e0f2f1; padding: 10px; border: 1px solid #ccc; text-align: center;"> A combined 165+ meetings </div>
6. Insider threat awareness and mitigation with respect to training support and analysis (Complete)	

Quarterly Topics of Interest

FY23 Quarterly Tactical Meetings

Date	Topic	Attendees
December	Commercial Vehicle Safety Alliance (CVSA)	46
March	OAS & NRC Roles/ Activities/ Integration	38
June	Radiation Solutions Inc. (RSI) Overview of Radiation detection & Monitoring Equipment	42

FY22 Quarterly Tactical Meetings

Date	Topic	Attendees
December	Security Culture / Motor Carrier Evaluation Program (MCEP)	39
March	Oak Ridge's SecuRoute	36
June	FBI Integration In RAM Transport	41

2023 Conferences and Outreach

January

- Commercial Vehicle Safety Alliance (CVSA) Cooperative Hazardous Materials Enforcement Development (COHMED) Participation and TSUSG Booth Exhibit (San Antonio, TX)
- CVSA Guardian Magazine Published an Article about TSUSG

April

- CBRNe World Magazine – Interview/Published Article about ORNL's technologies and TSUSG (Oak Ridge, TN)

May

- Conference of Radiation Control Program Directors (CRCPD) TSUSG Booth Exhibit (Houston, TX)

June

- National Transportation Stakeholders National Transportation Stakeholders Forum (NTSF) TSUSG Presentations (St. Louis, MI)
- Packaging and Transportation of Radioactive Materials (PATRAM) Booth Exhibit and Poster Presentation (French Riviera, France)

August

- Organization of Agreement States (OAS), Attendance and Promoting TSUSG (Seattle, WA)

2023 Key Highlights

Outreach and Administration:

- Membership growth in virtually all member types/groups
- Broader and more integrated federal representation (regulatory and law enforcement) including NRC, DOT, DHS, and TSA. A special thank you to Juan Gonzalez, FBI in introducing new potential federal department representatives to TSUSG.
- Significantly increased State regulatory and law enforcement representation and membership
- Increasing interest & participation by other external organizations in our quarterly tactical meetings
- Integration with several new organizations including Tribal Radioactive Materials Transportation Committee (TRMTC) and Transport Canada; Re-established membership of Council of State Governments- East; Building on relationships with Council of State Governments- Midwest; Southern States Energy Board; Western Interstate Energy Board; Transport Canada; and others.
- Invited by TRMTC to attend and participate in their Annual Meeting at the NTSF Conference

2023 Key Highlights Continued

Outreach and Administration:

- TSUSG outreach recognized by both Executive Directors of CRCPD and CVSA as an excellent forum and organization for facilitating resolution and awareness of issues involving the transport of Class 7 materials.
- TSUSG website improved and updated
- TSUSG overview video for use on website by prospective members
